"Neilstrong is a trusted brand specializing in high-quality ceiling products, catering to diverse Ceiling needs. As Manufacturer, importer and trader, we offer premium ceiling materials that enhance durability and aesthetics."

About Us

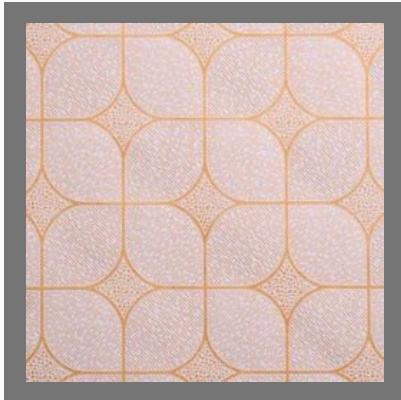

Our Product Range: PVC Laminated Gypsum Ceiling Tiles: Neilstrong PVC Laminated Gypsum Ceiling Tiles are crafted by combining the versatility of gypsum with a durable PVC laminate. These ceiling tiles are perfect for both commercial and residential applications, offering a high-end look with excellent benefits such as sound insulation, fire resistance, and moisture control. Their smooth finish, lightweight design, and ease of installation make them ideal for offices, retail spaces, hotels, schools, and homes. Neilstrong PVC laminated tiles are designed to improve indoor acoustics and help regulate temperature and humidity in commercial buildings. **T-Grids:** Our Neilstrong T-Grid Ceiling Systems provide a reliable, strong, and durable framework for suspended ceilings. Made from high-quality galvanized steel, these T-Grids are designed to support various ceiling tiles such as PVC laminated gypsum, mineral fiber, acoustic panels, and more. Neilstrong T-Grids are perfect for creating clean, modern ceiling designs in offices, retail stores, schools, hospitals, and industrial spaces. Their easy installation process, along with their superior load-bearing capacity, makes them the ideal choice for both new ceiling installations and ceiling tile replacements. **Gypsum Boards:** Neilstrong Gypsum Boards are versatile and durable materials ideal for creating smooth, functional, and fire-resistant walls and ceilings. Gypsum is naturally fire-resistant, making...
